The Britain Nepal Academic Council (BNAC) invites scholars and practitioners from all disciplines as well as the curious general public to participate in the 18th BNAC Nepal Study Days in London. We welcome proposals for contributions that share research findings related to Nepali society or the broader Nepali cultural world. Research from all disciplines will be considered, including work relating to the Nepali Diaspora. We particularly invite submissions that report on studies at an advanced stage or that have been recently completed. Details of previous study days can be accessed online [here](#). We would also be happy to receive proposals for posters to share project descriptions and research findings.

If you are interested in participating, please send a brief abstract (not exceeding 300 words) to ‘The Organisers’ at: bnacstudyday@gmail.com. The list of abstracts will be circulated in advance, with full papers presented on the day.
